
Mayo Clinic Proceedings

INDEX

Volume 56
1981

ROCHESTER, MINNESOTA

Index to Volume 56 of MAYO CLINIC PROCEEDINGS

A

Abdominal masses: rectus sheath hematoma; subject review and case report of diagnosis by computed tomography scanning, 757
Accessory spleen, paratesticular, 455
Active hepatitis, current problems in diagnosis and management of chronic, 311
Acute pancreatitis, prospective study of antisecretory and therapeutic effects of cimetidine and glucagon in human, 499
Adenomatous polyps: endoscopic gastric polypectomies, 371
Adrenal tumors: prevalence of clinically unsuspected pheochromocytoma; review of 50-year autopsy series, 354
Adson MA, 601, 686
Alcoholism: psychiatric problems of physicians and their families, 35
Alloxan-diabetic dogs, effect of peripheral versus portal venous administration of insulin on postprandial hyperglycemia and glucose turnover in, 434
Ambulatory blood pressure-recording device, evaluation of Del Mar Avionics automatic, 740
Amphotericin B: treatment of primary pulmonary blastomycosis; results of long-term follow-up, 683
Amputation stumps, fractures in; review of treatment of 16 fractures, 22
Anatomic basis for regional tomography analysis of heart at autopsy, standardized nomenclature and, 479
Anderson CF, 51
Aneurysm, mural thrombus in left ventricular; incidence, role of angiography, and relation between anticoagulation and embolization, 77
Aneurysmectomy in high-risk patients, intra-aortic balloon counterpulsation as adjunct to, 565
Aneurysms and mural thrombi of left ventricle; editorial, 129
Angiographers, new image for; editorial, 715
Angiographically demonstrable obstructive coronary disease; coronary artery spasm and myocardial infarction in absence of, 700
Angiography: radionuclide measurement of left ventricular volume, 733
Angioplasty, percutaneous transluminal coronary: initial Mayo Clinic experience, 287
still an investigational procedure; editorial, 334
Anorexia nervosa as disease entity, toward understanding of, 254
Antibodies, monoclonal; next attempt at tumor immunotherapy; editorial, 641
Antineoplastic agents, 384
Antithrombotic therapy; role of platelet-inhibitor drugs: I. Current concepts of thrombogenesis; role of platelets, 102
II. Pharmacologic effects of platelet-inhibitor drugs, 185
III. Management of arterial thromboembolic and atherosclerotic disease, 265
α_1-Antitrypsin, heterozygous defects in, and low-density lipoprotein receptor; simultaneous occurrence in a pediatric patient, 113
Arachnoid diverticula, idiopathic ("congenital") spinal; clinical diagnosis and surgical results, 93
Arnold PG, 516
Arterial disease in diabetes, prospective study of peripheral occlusive: I. Clinical characteristics of subjects, 217
II. Vascular laboratory assessment, 223
III. Initial lipid and lipoprotein findings, 233
IV. Platelet and plasma functions, 243
Arteritis, giant cell, detected by bone marrow biopsy, 381
Artery: cerebral protection during carotid endarterectomy; editorial, 576
coronary; spasm and myocardial infarction in absence of angiographically demonstrable obstructive coronary disease, 700
correlation of cerebral blood flow and electroencephalographic changes during carotid endarterectomy; with results of surgery and hemodynamics of cerebral ischemia, 533
disease, unpredictable progression of symptomatic coronary; serial clinical-angiographic analysis, 155
Artificial endocrine pancreas, effect on hemoglobin A_1 of rapid normalization of glycemia with, 377
Asthma, elevated levels of eosinophil granule major basic protein in sputum of patients with bronchial, 345
Asymptomatic primary hyperparathyroidism: treat or follow?; editorial, 521
10-year prospective study, 473
Atrial septal defect, diagnosis of sinus venosus, by two-dimensional echocardiography, 568
Atrioventricular and ventriculoarterial discordance (corrected transposition of great arteries); recognition by wide-angle two-dimensional echocardiographic assessment of ventricular morphology, 591
Autopsy; do we still need it?; editorial, 457
Axons: physical injury to peripheral nerves; physiologic and electrodiagnostic aspects, 361

B

Bacterial infection: renal toxicity during therapy with gentamicin or tobramycin, 556
Bacteriology: diarrhea due to *Campylobacter fetus* subspecies *jejuni*; clinical review of 63 cases, 414
Balloon counterpulsation, intra-aortic, as adjunct to aneurysmectomy in high-risk patients, 565
Banks PM, 439
Barry MJ Jr, 744
Bassendine M, 700
Bastron JA, 725
Beck W, 700
Bilateral ovarian hemorrhages, spontaneous, as cause of premature ovarian failure, 762
Biopsy: limited thoracotomy in pediatric patient, 673
Biplane contrast angiography: radionuclide measurement of left ventricular volume, 733
Bissen C, 740
Black LF, 201
Blastomycosis, treatment of primary pulmonary; results of long-term follow-up, 683
Bleeding: rectus sheath hematoma; subject review and case report of diagnosis by computed tomography scanning, 757
Blood: antithrombotic therapy; role of platelet-inhibitor drugs; I. Current concepts of thrombogenesis; role of platelets, 102
II. Pharmacologic effects of platelet-inhibitor drugs, 185
III. Management of arterial thromboembolic and atherosclerotic disease, 265
component therapy; granulocyte and platelet transfusion; laboratory report, 645
diverse picture of gamma heavy-chain disease; report of seven cases and review of literature, 439
effect on hemoglobin A_1 of rapid normalization of glycemia with artificial endocrine pancreas, 377
eosinophil; friend or foe?; editorial, 395
flow, correlation of cerebral, and electroencephalographic changes during carotid endarterectomy; with results of surgery and hemodynamics of cerebral ischemia, 533
Blood pressure: Mayo three-community hypertension control program; IV. Five-year outcomes of intervention in entire communities, 3
V. Cost-effectiveness of intervention, 11
orthostatic hypotension, 117
Blood pressure-recording device, evaluation of Del Mar Avionics automatic ambulatory, 740
Blood vessels: prospective study of peripheral occlusive arterial disease in diabetes; I. Clinical characteristics of subjects, 217
II. Vascular laboratory assessment, 223
III. Initial lipid and lipoprotein findings, 233
IV. Platelet and plasma functions, 243
Bodell LS, 87
Boman BC, 641
Bone marrow biopsy, giant cell arteritis detected by, 381
Bone, postradiation sarcoma of; review of 78

Mayo Clinic cases, 294
Bones: fractures in amputation stumps; review of treatment of 16 fractures, 22
BOOK REVIEWS (Titles and Reviewers)
Acute Hand Injuries—Wood MB, 773
Aesthetic Plastic Surgery—Jackson I, 464
Aesthetic Plastic Surgery—Woods JE, 283
Aging of the Brain and Dementia—Kokmen E, 403
Allergic Diseases—Van Dellen RG, 139
Anesthesia and Patient With Endocrine Disease—Gould AB Jr, A-41, April
Angiography in Trauma—Stanson AW, A-33, September
Anorexia Nervosa—Lucas AR, 72
Atlas of Blood Cells—Pierre RV, 585
Atlas of Glomerular Histopathology—Milliner DS, A-39, February
Atlas of Ophthalmic Surgery—Liesegang TJ, 584
Atlas of Pelvic Surgery—Symmonds RE, 651
Atlas of Reconstructive Burn Surgery—Irons GB Jr, 721
Atlas of Renal Pathology—Turner ST, 651
Basic Biomechanics of Skeletal System—Morrey BF, 71
Biopsy Pathology of Liver—Ludwig J, 72
Bladder Cancer—Benson RC Jr, 656
Brain Tumours—Tenny RT, 528
Burns—Irons GB Jr, 142
Cardiac Arrhythmias—McGoon MD, A-41, April
Cardiac Catheterization and Angiography—Hearne SF, 69
Cardiac Emergency Care—Beahrs MM, 69
Cardiac Rehabilitation, Adult Fitness, and Exercise Testing—Gau GT, A-33, May
Care of the Newborn—Kleinberg F, 401
Cerebral Vasospasm—Piepgras DG, 72
Child Development in Normality and Psychopathology—Obetz SW, 140
Clinical Anatomy for Medical Students—Micevych PE, 655
Clinical Aspects of Alzheimer's Disease and Senile Dementia—Kokmen E, 585
Clinical Core of Respiratory Medicine—Prakash UBS, 775
Clinical Diabetes—Zimmerman BR, 656
Clinical Immunodermatology—Connolly SM, 650
Clinical Immunology—Hermans PE, 141
Clinical Neurosurgery—Laws ER Jr, 587
Clinical Pharmacology and Aged Patient—Richelson E, 773
Color Atlas of Anorectal Diseases—Beart RW Jr, 141
Color Atlas of Pathology of Nervous System—Okazaki H, 72
Color Atlas and Text of Histopathology of Mycotic Diseases—Roberts GD, 468
Complications in Obstetric and Gynecologic Surgery—Webb MJ, 649
Computed Tomography and Cerebral Infarctions—Baker HL Jr, 649
Computer-Assisted Cardiac Nuclear Medicine—Clements IP, 585
Controversy in Otolaryngology—McDonald TJ, 68
Coronary Care—Olney BA, 212
Correlative Atlas of Adult Cardiac Disorders—Reeder GS, 774
Critical Care Cardiology—Bresnahan JF, 776
Critical Surgical Illness—Mucha P Jr, 403
Current Trends in Urology—Beahrs JR, 721
Current Urologic Therapy—Leary FJ, 586
Cutaneous Disorders of Lower Extremities—Doyle JA, 771
Cytology of Bone Tumours—Unni KK, 340
Diagnosis and Nonsurgical Management of Chronic Pain—Maruta T, 529
Diagnostic Techniques in Pulmonary Disease—Hepper NGG, 528
Diagnostic Ultrasound Applied to Obstetrics and Gynecology—Fish CR, 67
Differential Diagnosis and Treatment of Pediatric Allergy—O'Connell EJ, 651
Diseases of Exocrine Pancreas—DiMagno EP, 137
Disorders of Cervical Spine—Cabanela ME, A-44, April
Double-Contrast Barium Meal—Carlson HC, 73
Early Diagnosis of Pancreatic Cancer—Go VLW, 342
Easier Way—Key JD, 720
Electrical Defibrillation—Morgan JP, Giuliani ER, 770
Emergency-Room Care—Vukov LF, 649
Endocrine Functions of Brain—Abboud CF, 771
Endometrium; Surgical Pathology of Endometrium—Jones MJ, 586
Epilepsy—Klass DW, 402
Essentials of Anorectal Surgery—Beart RW Jr, 211
Ethical Issues in Sex Therapy and Research—Osborne D, 403
Experimental Hematology Today 1980—Greipp PR, 584
Federal Legislation and Clinical Laboratory—Moyer TP, 650
Flint's Emergency Treatment and Management—Evans WE III, 401
Fundamentals of Clinical Hematology—Hoagland HC, 404
Geriatric Dermatology—Rogers RS III, 657
Group and Family Therapy 1980—Hanson NP, 142
Gynecologic Endocrinology—Coulam CB, 68
Gynecologic Surgery—Lee RA, 530
Handbook of Normal and Therapeutic Nutrition—Anderson CF, 67
Head Injury—Ebersold MJ, 463
Hemodynamic Monitoring in Critically Ill—Harrison CE Jr, 466
Heralds of Science—Key JD, 468
Hernias of Abdominal Wall—Bernatz PE, 68
Humanism and Physician—Gaffey TA, 73
Illustrated Manual of Ultrasonography in Obstetrics and Gynecology—Aaro LA, 281
Immunosuppressive Therapy—Sterioff S, 653
Infections in Abnormal Host—Hermans PE, 209
Introduction to Cerebral Angiography—Houser OW, 464
Invisible Armies—Goodrich JE, 466
Ischemia and Necroses of Bone—Williams EA, 210
Kidney—Anderson CF, 776
Kuru—Molgaard C, 529
Laboratory Medical Mycology—Roberts GD, 138
Long-Term Results in Plastic and Reconstructive Surgery—Jackson IT, 138
Low Back Pain—Hall BB, 655
Malignant Solid Tumors in Children—Burgert EO Jr, 210
Management of Burned Child—Irons GB Jr, 586
Management of Thoracic Trauma Victims—Mucha P Jr, 138
Manual of Antimicrobial Therapy and Infectious Diseases—Hermans PE, 282
Manual of Cardiac Surgery—Reynolds RR, 212
Manual of Clinical Problems in Pulmonary Medicine—Gracey DR, 282
Manual of Surgical Pathology Gross Room Procedures—Banks PM, A-33, September
Manual of Vascular Surgery—Hollier LH, 137
Medical Complications in Cancer Patients—Richardson RL, 341
Method of Psychiatry—Maruta T, 70
Musculoskeletal System in Health and Disease—Campbell DC II, 141
Neonate With Congenital Heart Disease—Hagler DJ, 719
Neonatology—Kleinberg F, 652
Neural Blockade in Clinical Anesthesia and Management of Pain—Nauss LA, 208
Neurologic Emergencies—Wiebers DO, 340
Neurology of Newborn—Gomez MR, 770
Neurosurgical Anaesthesia and Intensive Care—Messick JM Jr, 139
Nuclear Medicine—Wahner HW, 528
Nutrition Cultism—Anderson CF, 283
Ocular Fundus—Trautmann JC, 587
Operative Strategy in General Surgery—Nagorney DM, 530
Ophthalmology in Internal Medicine—Trautmann JC, A-35, August
Pain Control With Transcutaneous Electrical Neuro Stimulation—Stillwell GK, 468
Pathogenesis and Treatment of Urinary Tract Infections—Segura JM, 282
Pathology of Cardiac Valves—Lie JT, 464
Patho-Physiology of Renal Disease—Wachos DN, 774
Patient Interviewing—Van Dellen RG, 208
Pediatric Telephone Advice—Burke EC, 342
Peptic Ulcer—Cameron AJ, 772
Percutaneous Needle Biopsy—McGough PF, 468
Perimetry—Younge BR, 212
Perspectives in Schizophrenia Research—Wells LA, 402
Physiology of Atrial Pacemakers and Conductive Tissues—Holmes DR Jr, 281
Physiology of Peripheral Nerve Disease—Low PA, 465
Practical Fiberoptic Colonoscopy—Culp CE, 587
Practice of Cardiology—Vlietstra RE, 208
Pressure Ulcers—Arnold PG, 281
Preventive Health Care—Owen RA, 776
Principles and Practice of Ophthalmology—Liesegang TJ, 466
Prostaglandins and Cardiovascular Disease—Kottke BA, 584
Psychiatric Presentations of Medical Illness—Finlayson RE, 775
Psychobiology of Aggression and Violence—Peterson GC, 772
Psychonephrology—Mitchell JC III, 771
Psychopathology in Aged—Swenson WM, 69
Psychopharmacology of Alcohol—Morse RM, 340
Quest for Image of Brain—Reese DF, 137
Radiation Damage to Nervous System—Phillips LH II, 211
Radiology of Urinary System—Hartman GW, 528
Radiology of Vertebral Trauma—Berquist TH, A-35, August
Recognizable Patterns of Human Deformation—Burke EC, 650
Reconstructive Surgery of Arteries—Hollier LH, 401
Rehabilitation Management of Rheumatic Conditions—Reiman JL, 402
Renal and Electrolyte Disorders—Anderson CF, 401
Renal Function Tests—Torres VE, 282
Renal Microvascular Disease—Stanson AW, 402
Renal Pathology—Schwartz GL, 137
Retinal Detachment—Buettner H, 73

Rheumatic Disorders of Childhood—Nelson AM, 341
Scientific Foundations of Orthopaedics and Traumatology—Kelly PJ, 776
Secretory Diarrhea—Tremaine WJ, 71
Selected Topics in Cardiac Arrhythmias—Osborn MJ, 139
Shirt-Pocket Guide to Antimicrobial Therapy and Infectious Diseases—Hermans PE, 282
Stallard's Eye Surgery—Liesegang TJ, 210
Status of Curability of Childhood Cancers—Smithson WA, 211
Surgery of Ear—Suh KW, 466
Surgery of Thyroid and Parathyroid Glands—van Heerden JA, 140
Surgery of Vulva and Vagina—Williams TJ, 653
Surgical Radiology—May GR, 403
Surgical Treatment of Obesity—Beart RW Jr, 719
Surgical Treatment of Rheumatoid Arthritis—Coventry MB, 652
Testis—Northcutt RC, 467
Textbook of Gastroenterology and Nutrition in Infancy—Perrault J, 775
Textbook of Pediatric Nutrition—Huse DM, 467
Textbook of Radiotherapy—Evans RG, 68
Textbook of Rheumatology—Duffy J, 653
Therapy of Pain—Swanson DW, 774
Thyroid Gland—Gorman CA, 70
Total Rehabilitation—Stonnington HH, 209
Towards Safer Cardiac Surgery—Schaff HV, 658
Treatment of Epilepsy—Sharbrough FW, 772
Tumors of Lower Respiratory Tract—Carpenter HA, 530
Two-Dimensional Echocardiography—Reeder GS, A-44, April

BOOKS BY MAYO CLINIC AUTHORS: Reviews
Antidepressants: Neurochemical, Behavioral, and Clinical Perspectives, edited by S. J. Enna, Jeffrey M. Malick, and Elliott Richelson (reviewed by J. T. Coyle), 720
Diagnosis and Treatment of Amyotrophic Lateral Sclerosis, by Donald W. Mulder (reviewed by D. K. Ziegler), 209
General Surgery at Mayo Clinic 1900-1970, by O. Theron Clagett (reviewed by O. H. Wangensteen), 207
Inflammatory Bowel Disease, by Joseph B. Kirsner and Roy G. Shorter (reviewed by T. M. Bayless), 341
Mayo Clinic Diet Manual, edited by Cecilia M. Pemberton and Clifford F. Gastineau (reviewed by R. A. Nelson), 770
Medicine and Stamps, edited by R. A. Kyle and M. A. Shampo (reviewed by G. B. Griffenhagen), 720
Orbital Tumors, by John W. Henderson and George M. Farrow (reviewed by F. A. Jakobiec), 773
Bourassa MG, 334
Bowie EJW, 243
Brain, single metastasis to; surgical treatment in 122 consecutive patients, 424
Breast surgery, widely versatile vertical dermal pedicle in, 607
Broadbent JC, 623
Bronchial asthma, elevated levels of eosinophil granule major basic protein in sputum of patients with, 345
Bronchogenic carcinoma: Mayo Lung Project; evaluation through December 1979 of lung cancer screening, 544
Bronchoscopy: etiologic considerations in superior vena cava syndrome, 407
Brown ML, 161, 733

C

Calcium: asymptomatic primary hyperparathyroidism; 10-year prospective study, 473
Callahan JA, 749
Campylobacter fetus subspecies *jejuni*, diarrhea due to; clinical review of 63 cases, 414
Cancer: hepatobiliary—surgical considerations, 686
Mayo Lung Project; evaluation through December 1979 of lung cancer screening, 544
postradiation sarcoma of bone; review of 78 Mayo Clinic cases, 294
radical pancreatoduodenectomy—procedure to be abandoned?, 601
Cancer surgery: single metastasis to brain; surgical treatment in 122 consecutive patients, 424
Cardiac transplantation—foolhardy or farsighted?; editorial, 202
Cardiology: left ventricular mural thrombus; two-dimensional echocardiographic diagnosis, 82
standardized nomenclature and anatomic basis for regional tomography analysis of heart at autopsy, 479
Cardiomyopathy, Fabry, in female; report of case confirmed by endomyocardial biopsy, 623
Carpal tunnel syndrome: eosinophilic fasciitis; report of 15 cases, 27
Cerebral protection during carotid endarterectomy; editorial, 576
Cervical spine: idiopathic ("congenital") spinal arachnoid diverticula; clinical diagnosis and surgical results, 93
Chesebro JH, 102, 185, 223, 265
Christianson JB, 11
Chronic obstructive lung disease: heterozygous defects in α_1-antitrypsin and low-density lipoprotein receptor; simultaneous occurrence in a pediatric patient, 113
Chronic pain: patients and spouses; marital and sexual adjustment, 307
spinal opiate administration for; major advance in therapy; editorial, 523
Cilluffo JM, 93
Cimetidine and glucagon in human acute pancreatitis, prospective study of antisecretory and therapeutic effects of, 499
Clemens AH, 434
Clements IP, 733

CLINICAL BRIEFS
Anaphylaxis: recognition, management, and etiologic diagnosis—Reed CE, 337
Asymptomatic hyperuricemia—Ward LE, 205
Beta-blockers and obstructive lung disease—Rosenow EC III, 337
"Big shot"—Conn DL, 524
Bone marrow transplantation—Hoagland HC, 204
Cancer surveillance in patients with chronic ulcerative colitis—Schroeder KW, 336
Cimetidine; immunomodulating drug—Barr WG, 580
Clinical significance of Raynaud's phenomenon—Diessner GR, 524
Coronary spasm—Vlietstra RE, 134
Emergency room treatment of acute asthma—Van Dellen RG, Marcoux JP, 399
Exercise-induced anaphylaxis—Van Dellen RG, 133
Exercise nuclear cardiac imaging—Clements IP, 205
Fine-needle aspiration biopsy of thyroid nodules—Gharib H, 62
Gallstone dissolution; 1981 update—Thistle JL, 336
Home parenteral nutrition—Fleming CR, 132
Host factors in bronchitis and emphysema—Miller RD, 460
Hypercalciuria—Erickson SB, 579
Indirect immunofluorescence test for detection of antibody to *Chlamydia*—Smith TF, 399
Labeled leukocytes for detection of infection—Wahner HW, 206
Management of bleeding esophageal varices with sclerosing injections—Hughes RW Jr, 580
Metronidazole; current status—Edson RD, Rosenblatt JE, 459
New broad-spectrum cephalosporin—Wilson WR, 63
New oral gold compound—Luthra HS, 133
Nutritional support in acute renal failure—Wochos DN, 277
Obstructing lesions of trachea and larynx—Hyatt RE, 398
Preoperative pulmonary evaluation—Dines DE, 132
Problem of "seronegative rheumatoid arthritis"—McKenna CH, 63
Prospective treatment studies in polymyalgia rheumatica and giant cell arteritis—Ginsburg WW, Hunder GG, 278
Rabies prevention—Wilkowske CJ, 459
Renal effects of newer nonsteroidal anti-inflammatory agents—Wagoner RD, 525
Renal lithiasis—Wilson DM, 204
Renovascular hypertension; treatment by percutaneous transluminal dilation—Tucker RM, 62
Respiratory viruses in asthma—Reed CE, 134
Smoldering multiple myeloma—Greipp PR, Kyle RA, 133
Studies on pleural fluid—Dines DE, 460
Testing for bronchial sensitivity to formaldehyde gas—Frigas E, 277
Toxic shock syndrome—Keys TF, 398
Vasculitis associated with herpes zoster—Ferguson RH, 524
Viral arthritis; state of art 1981—Duffy J, 579
Clinical pharmacology: antineoplastic agents, 384
antithrombotic therapy; role of platelet-inhibitor drugs; I. Current concepts of thrombogenesis; role of platelets, 102
II. Pharmacologic effects of platelet-inhibitor drugs, 185
III. Management of arterial thromboembolic and atherosclerotic disease, 265
vitamin D in therapy of disorders of calcium and phosphorus metabolism, 327
Clinicians, statistics for: comparing two samples (two-sample *t* test), 393
epilogue, 755
estimation from samples, 274
evaluating new diagnostic procedures, 573
graphic displays—scatter diagrams, 196
normal values, 639
one sample of paired observations (paired *t* test), 324
regression, 452
sequential methods, 753
survivorship studies, 709
Close EL, 740
Cody DTR, 17
Community clinic: Mayo three-community hypertension control program; IV. Five-year outcomes of intervention in entire communities, 3
Computed tomography scanning, rectus sheath hematoma; subject review and case report of diagnosis by, 757
Connolly DC, 661, 665
Continuous low-dose intrathecal morphine administration in treatment of chronic pain of

malignant origin, 516
Cooney DR, 673
Cornicelli JA, 113
Coronary angioplasty, percutaneous transluminal: initial Mayo Clinic experience, 287
still an investigational procedure; editorial, 334
Coronary artery: disease, unpredictable progression of symptomatic; serial clinical-angiographic analysis, 155
spasm and myocardial infarction in absence of angiographically demonstrable obstructive coronary disease, 700
Coronary heart disease in residents of Rochester, Minnesota: I. Background and study design, 1950-1975, 661
II. Mortality, incidence and survivorship, 1950-1975, 665
Corrective supracondylar osteotomy for painful genu valgum, 87
Correlation of cerebral blood flow and electroencephalographic changes during carotid endarterectomy; with results of surgery and hemodynamics of cerebral ischemia, 533
Corticosteroids: eosinophilic fasciitis; report of 15 cases, 27
Cost-effectiveness; Mayo three-community hypertension control program; V. Cost-effectiveness of intervention, 11
Coulam CB, 762
Counterpulsation, intra-aortic balloon, as adjunct to aneurysmectomy in high-risk patients, 565
Cowden's disease (multiple hamartoma syndrome), 179
Creatine phosphokinase, serum levels of, and its isoenzymes in normal and stressed neonates, 150
Current problems in diagnosis and management of chronic active hepatitis, 311
Czaja AJ, 311

D

Dahlin DC, 294
Danielson GK, 77
Davis CS, 3, 11
Del Mar Avionics automatic ambulatory blood pressure-recording device, evaluation of, 740
Demyelination: physical injury to peripheral nerves; physiologic and electrodiagnostic aspects, 361
Denial: therapeutic experience with patients referred for "prolonged grief reaction" —some second thoughts, 744
Depression: psychiatric problems of physicians and their families, 35
DeRemee RA, 397, 634
Dermal pedicle in breast surgery, widely versatile vertical, 607
DES, in utero exposure to; what have we learned?, editorial, 577
Descriptive statistics; statistics for clinicians, 47
Deviate test, relative, and chi-square equivalent; comparing two proportions; statistics for clinicians, 513
Diabetes, prospective study of peripheral occlusive arterial disease in: I. Clinical characteristics of subjects, 217
II. Vascular laboratory assessment, 223
III. Initial lipid and lipoprotein findings, 233
IV. Platelet and plasma functions, 243
Diabetic polyradiculopathy; clinical and electromyographic findings in 105 patients, 725
Diagnosis of sinus venosus atrial septal defect by two-dimensional echocardiography, 568
Diagnostic procedure, evaluating new; statistics for clinicians, 573
Diagrams: statistics for clinicians; graphic displays—scatter diagrams, 196
Diarrhea due to *Campylobacter fetus* subspecies *jejuni*; clinical review of 63 cases, 414
Didier EP, 714
Diet: toward understanding of anorexia nervosa as disease entity, 254
DiMagno EP, 499
Dines DE, 407
Discordance, atrioventricular and ventriculoarterial (corrected transposition of great arteries); recognition by wide-angle two-dimensional echocardiographic assessment of ventricular morphology, 591
Disorders of calcium and phosphorus metabolism, vitamin D in therapy of; clinical pharmacology, 327
Diverse picture of gamma heavy-chain disease; report of seven cases and review of literature, 439
Diverticula, idiopathic ("congenital") spinal arachnoid; clinical diagnosis and surgical results, 93
Douglass BE, 57
Doyle JA, 27, 179
Dozois RR, 601
Drake AA, 414
Dreblow DM, 51
Drugs: antineoplastic agents, 384
antithrombotic therapy; role of platelet-inhibitor drugs; I. Current concepts of thrombogenesis; role of platelets, 102
II. Pharmacologic effects of platelet-inhibitor drugs, 185
chronic pain patients and spouses; marital and sexual adjustment, 307
continuous low-dose intrathecal morphine administration in treatment of chronic pain of malignant origin, 516
current problems in diagnosis and management of chronic active hepatitis, 311
management of spasticity in spinal cord injury, 614
midodrine; new agent in management of idiopathic orthostatic hypotension and Shy-Drager syndrome, 429
renal toxicity during therapy with gentamicin or tobramycin, 556
treatment of primary pulmonary blastomycosis; results of long-term follow-up, 683

E

Echocardiography: diagnosis of sinus venosus atrial septal defect by two-dimensional, 568
echocardiographic assessment of ventricular morphology, recognition by wide-angle two-dimensional; atrioventricular and ventriculoarterial discordance (corrected transposition of great arteries), 591
echocardiographic diagnosis, two-dimensional, of left ventricular mural thrombus, 82
echocardiographic recognition, two-dimensional, of valvular papillary fibroelastomas, 629
EDITORIALS
Aneurysms and mural thrombi of left ventricle, 129
Asymptomatic primary hyperparathyroidism; treat or follow?, 521
Autopsy; do we still need it?, 457
Cardiac transplantation—foolhardy or farsighted?, 202
Cerebral protection during carotid endarterectomy, 576
Eosinophil; friend or foe?, 395
Examining healthy patients, how and how often?, 57
In utero exposure to DES; what have we learned?, 577
Licensing in health occupations, 714
Medical education; impossible dream, 55
Monoclonal antibodies; next attempt at tumor immunotherapy, 641
New image for angiographers, 715
Percutaneous transluminal coronary angioplasty—still an investigational procedure, 334
Pleural effusions, 201
Spinal opiate administration for chronic pain; major advance in therapy, 523
The editor looks back—and ahead, 765
What became of rotating internship?, 397
Edson RS, 683
Edwards JE, 457
Edwards WD, 129, 479, 591, 623, 629
Effect on hemoglobin A_1 of rapid normalization of glycemia with artificial endocrine pancreas, 377
Effect of peripheral versus portal venous administration of insulin on postprandial hyperglycemia and glucose turnover in alloxan-diabetic dogs, 434
Effusion of indeterminate cause at thoractomy, outcome of patients with pleural, 145
Elastic lamina: giant cell arteritis detected by bone marrow biopsy, 381
Electrodiagnostic and physiologic aspects of physical injury to peripheral nerves, 361
Electromyography: diabetic polyradiculopathy; clinical and electromyographic findings in 105 patients, 725
Electron microscopy, scanning, of intracardiac myxoma, 198
Elevated levels of eosinophil granule major basic protein in sputum of patients with bronchial asthma, 345
Ellefson RD, 233
Elveback LR, 155, 661, 665, 740
Embolism, pulmonary, 161
Embolization, incidence, role of angiography, and relation between anticoagulation and; mural thrombus in left ventricular aneurysm, 77
Endarterectomy: cerebral protection during carotid; editorial, 576
correlation of cerebral blood flow and electroencephalographic changes during carotid; with results of surgery and hemodynamics of cerebral ischemia, 533
Endocrine neoplasia: prevalence of clinically unsuspected pheochromocytoma; review of 50-year autopsy series, 354
Endocrinology: asymptomatic primary hyperparathyroidism; 10-year prospective study, 473
neurologic aspects of thyroid dysfunction, 504
Endolymphatic hydrops: neurologic perspectives of otosclerosis, 17
Endomyocardial biopsy, report of case of Fabry cardiomyopathy in female confirmed by, 623
Endoscopic gastric polypectomies, 371
Enos WF, 381
Enzymes: serum levels of creatine phosphokinase and its isoenzymes in normal and stressed neonates, 150
Eosinophilic fasciitis; report of 15 cases, 27
Epidemiology; coronary heart disease in resi-

dents of Rochester, Minnesota: background and study design, 1950-1975, 661
Mayo three-community hypertension control program; cost-effectiveness of intervention, 11
Mayo three-community hypertension control program; five-year outcomes of intervention in entire communities, 3
mortality, incidence, and survivorship, 1950-1975, 665
Epilogue; statistics for clinicians, 755
Estimation from samples; statistics for clinicians, 274
Etiologic considerations in superior vena cava syndrome, 407
Evaluating new diagnostic procedures; statistics for clinicians, 573
Evaluation of Del Mar Avionics automatic ambulatory blood pressure-recording device, 740
Examining healthy patients; how and how often?, editorial, 57
740
Examining healthy patients; how and how often?, editorial, 57

F

Fabry cardiomyopathy in female; report of case confirmed by endomyocardial biopsy, 623
Fairbanks VF, 377
Farnell MB, 686
Farrow GM, 345
Fasciitis, eosinophilic; report of 15 cases, 27
Fathman CG, 641
Fealey RD, 117, 429
Feldt RH, 150
Femur: corrective supracondylar osteotomy for painful genu valgum, 87
Fibrinoid necrosis: giant cell arteritis detected by bone marrow biopsy, 381
Fibroelastomas, valvular papillary; two-dimensional echocardiographic recognition, 629
Field CS, 762
Fleming TR, 424
Follicles: spontaneous bilateral ovarian hemorrhages as cause of premature ovarian failure, 762
Fontana RS, 544
Forman R, 700
Foulk WT, 757
Fractures in amputation stumps; review of treatment of 16 fractures, 22
Frequency polygons, histograms, and cumulative distribution polygons—graphic displays; statistics for clinicians, 126
Friend or foe?; eosinophil; editorial, 395
Frigas E, 345
Fulton RE, 155
Fusion, splenogonadal: paratesticular accessory spleen, 455
Fuster V, 102, 185, 265

G

Gallbladder: hepatobiliary cancer—surgical considerations, 686
Gamma heavy-chain disease, diverse picture of; report of seven cases and review of literature, 439
Gastric polypectomies, endoscopic, 371
Gastrointestinal tract: diarrhea due to *Campylobacter fetus* subspecies *jejuni*; clinical review of 63 cases, 414
Gentamicin or tobramycin, renal toxicity during therapy with, 556
Genu valgum, corrective supracondylar osteotomy for painful, 87
Gerich JE, 434
Gersh B, 700
Giant cell arteritis detected by bone marrow biopsy, 381
Gilchrist MJR, 414
Gilliam RW, 361
Gilman SR, 113
Ginsburg WW, 27
Gleich GJ, 345
Glucagon in human acute pancreatitis, prospective study of antisecretory and therapeutic effects of cimetidine and, 499
Glucose turnover in alloxan-diabetic dogs, effect of peripheral versus portal venous administration of insulin on postprandial hyperglycemia and, 434
Glycemia with artificial endocrine pancreas, effect on hemoglobin A_1 of rapid normalization of, 377
Go VLW, 499
Gocke JE, 757
Goiter: neurologic aspects of thyroid dysfunction, 504
Gomez MR, 93
Gordon H, 623
Gracey DR, 634
Graduation speech: human technology of medicine, 560
Granule major basic protein, elevated levels of eosinophil, in sputum of patients with bronchial asthma, 345
Granulocyte and platelet transfusion; blood component therapy; laboratory report, 645
Graphic displays: histograms, frequency polygons, and cumulative distribution polygons; statistics for clinicians, 126
scatter diagrams; statistics for clinicians, 196
Greipp PR, 439
"Grief reaction, prolonged"; therapeutic experience with patients referred for—some second thoughts, 744

orthostatic hypotension, 117
Single metastasis to brain; surgical treatment in 122 consecutive patients, 424
Sinus venosus atrial septal defect, diagnosis by two-dimensional echocardiography, 568
Sir Thomas Lewis; centennial of medical human dynamo; historical vignette, 749
Smith HC, 77, 155, 287, 733
Smith TF, 767
Smoldt RK, 3, 11
Solley GO, 345
Spinal arachnoid diverticula, idiopathic ("congenital"); clinical diagnosis and surgical results, 93
Spinal cord injury, management of spasticity in, 614
Spinal opiate administration for chronic pain: major advance in therapy; editorial, 523
Spittell JA Jr, 565
Spleen, paratesticular accessory, 455
Spontaneous bilateral ovarian hemorrhages as cause of premature ovarian failure, 762
Spontaneous pneumothorax, influence of height on risk of, 678
Sputum cytology: Mayo Lung Project; evaluation through December 1979 of lung cancer screening, 544
Sputum of patients with bronchial asthma, elevated levels of eosinophil granule major basic protein in, 345
Standardized nomenclature and anatomic basis for regional tomography analysis of heart at autopsy, 479
Starvation: toward understanding of anorexia nervosa as disease entity, 254
Statistics for clinicians: introduction, 45
1. Descriptive statistics, 47
2. Graphic displays—histograms, frequency polygons, and cumulative distribution polygons, 126
3. Graphic displays—scatter diagrams, 196
4. Estimation from samples, 274
5. One sample of paired observations (paired *t* test), 324
6. Comparing two samples (two-sample *t* test), 393
7. Regression, 452
8. Comparing two proportions; relative deviate test and chi-square equivalent, 513
9. Evaluating new diagnostic procedure, 573
10. Normal values, 639
11. Survivorship studies, 709
12. sequential methods, 753
epilogue, 755
Stenosis: unpredictable progression of symptomatic coronary artery disease; serial clinical-angiographic analysis, 155
Stillwell PC, 673
St. John Sutton MG, 354
Sundt TM Jr, 533
Superior vena cava syndrome, etiologic considerations in, 407
Suppression: therapeutic experience with patients referred for "prolonged grief reaction"—some second thoughts, 744
Supracondylar osteotomy, corrective, for painful genu valgum, 87
Surgery: asymptomatic primary hyperparathyroidism; 10-year prospective study, 473
cerebral protection during carotid endarterectomy; editorial, 576
correlation of cerebral blood flow and electroencephalographic changes during carotid endarterectomy; with results of surgery and hemodynamics of cerebral ischemia, 533
hepatobiliary cancer—surgical considerations, 686
intra-aortic balloon counterpulsation as adjunct to aneurysmectomy in high-risk patients, 565
limited thoracotomy in pediatric patient, 673
prevalence of clinically unsuspected pheochromocytoma; review of 50-year autopsy series, 354
radical pancreatoduodenectomy—procedure to be abandoned?, 601
widely versatile vertical dermal pedicle in breast, 607
Survivorship studies: coronary heart disease in residents of Rochester, Minnesota; mortality, incidence, and survivorship, 1950-1975, 665
statistics for clinicians, 709
Sutton TM, 150
Swanson DW, 307
Swanson JW, 504

Technology of medicine, human, 560
Telander RL, 673
Therapeutic experience with patients referred for "prolonged gref reaction"—some second thoughts, 744
Thomas JE, 17, 117, 429, 725
Thompson JE, 576
Thoracolumbar spine: idiopathic ("congenital") spinal arachnoid diverticula; clinical diagnosis and surgical results, 93
Thoracotomy: outcome of patients with pleural effusion of indeterminate cause at, 145
in pediatric patient, limited, 673
Thorax: influence of height on risk of spontaneous pneumothorax, 678
Thromboembolic and atherosclerotic disease, management of arterial, 265

Thrombogenesis, current concepts of; role of platelets; antithrombotic therapy; role of platelet-inhibitor drugs, 102
Thrombus, mural, in left ventricular aneurysm; incidence, role of angiography, and relation between anticoagulation and embolization, 77
Thyresson HN, 179
Thyroid dysfunction, neurologic aspects of, 504
Tobramycin or gentamicin, renal toxicity during therapy with, 556
Tomography analysis of heart at autopsy, standardized nomenclature and anatomic basis for regional, 479
Tomography scanning, rectus sheath hematoma; subject review and case report of diagnosis by computed, 757
Toward understanding of anorexia nervosa as disease entity, 254
Toxicity: antineoplastic agents, 384
Transformation: statistics for clinicians, graphic displays—scatter diagrams, 196
Transluminal coronary angioplasty, percutaneous: initial Mayo Clinic experience, 287
still an investigational procedure; editorial, 334
Transplantation, cardiac—foolhardy or farsighted?; editorial, 202
Treatment of primary pulmonary blastomycosis; results of long-term follow-up, 683
Tumor: continuous low-dose intrathecal morphine administration in treatment of chronic pain of malignant origin, 516
endoscopic gastric polypectomies, 371
hepatobiliary cancer—surgical considerations, 686
prevalence of clinically unsuspected pheochromocytoma; review of 50-year autopsy series, 354
single metastasis to brain; surgical treatment in 122 consecutive patients, 424
Two-dimensional echocardiography: assessment of ventricular morphology, recognition by wide-angle; atrioventricular and ventriculoarterial discordance (corrected transposition of great arteries), 591
diagnosis, left ventricular mural thrombus, 82
diagnosis of sinus venosus atrial septal defect by, 568
recognition of valvular papillary fibroelastomas, 629
Two-sample *t* test (comparing two samples); statistics for clinicians, 393

Uhlenhopp MA, 544
University of Vienna Medical School; historical vignette, 634
Unni KK, 145
Unpredictable progression of symptomatic coronary artery disease; serial clinical-angiographic analysis, 155

V

Values, normal; statistics for clinicians, 639
Valvular papillary fibroelastomas; two-dimensional echocardiographic recognition, 629
Van Dellen RG, 395
Van Heerden JA, 601
Van Scoy RE, 414
Vascular system; prospective study of peripheral occlusive arterial disease in diabetes: clinical characteristics of subjects, 217
initial lipid and lipoprotein findings, 233
platelet and plasma functions, 243
vascular laboratory assessment, 223
Vasopressor syncope: evaluation of Del Mar Avionics automatic ambulatory blood pressure-recording device, 740
Veins: percutaneous transluminal coronary angioplasty; initial Mayo Clinic experience, 287
Vena cava syndrome, etiologic considerations in superior, 407
Venous administration of insulin on postprandial hyperglycemia and glucose turnover in alloxan-diabetic dogs, effect of peripheral versus portal, 434
Ventilation-perfusion scan: pulmonary embolism, 161
Ventricle, aneurysms and mural thrombi of left; editorial, 129
Ventricular aneurysm, mural thrombus in left; incidence, role of angiography, and relation between anticoagulation and embolization, 77
Ventricular mural thrombus, left; two-dimensional echocardiographic diagnosis, 82
Ventricular volume, radionuclide measurement of left, 733
Ventriculoarterial and atrioventricular discordance (corrected transposition of great arteries); recognition by wide-angle two-dimensional echocardiographic assessment of ventricular morphology, 591
Verrucous papules: Cowden's disease (multiple hamartoma syndrome), 179
Vertical dermal pedicle in breast surgery, widely versatile, 607
Vertigo: neurologic perspectives of otosclerosis, 17
Vignette, historical: University of Vienna Medical School, 634
Vitamin D in therapy of disorders of calcium and phosphorus metabolism; clinical pharmacology, 327
Vlietstra RE, 155, 287, 715
